

JUNIOR C# SOFTWARE DEVELOPER

tsaADVET are looking to recruit a recent graduate to join their development team working on our next generation of Electronic Drawing/Document Management software. The successful candidate will gain experience working with the latest Microsoft technologies as well as best-of-breed Open Source projects and tools, and exposure to the full development lifecycle.

Candidates will be expected to have excellent written and oral English communication skills, a BSc Computer Science degree and 0-2 years experience. Also a basic awareness of the following technologies and tools, and be able to discuss their purpose in an interview: C#, .NET Framework, OOP, Design Patterns, IoC, NHibernate, Mercurial, Team City, Specflow, Agile, WPF/MVVM, WCF, WF & Federated Security.

Experience of all these topics is not essential, as training and on-the-job mentoring will be provided, but an ability to quickly learn, adapt and apply knowledge will quickly see you becoming a valuable member of a small, relaxed but hard-working team.

tsaADVET is a great believer in developing local talent and is looking for someone who is wanting to work with the latest technology now, but in the future grow with the company and eventually be responsible for leading our projects.

Salary: £18 - 22,000 depending on experience

Hours: Full time, 9am – 5.30pm

Location: Based at our Stokesley Office, TS9 5PT.

Application By: CV & Covering letter by email or post.

Closing Date: 2nd September 2011.

Start Date: As Soon as Possible.
